

Q2 - 2019

The second quarter brought a sharp uptick in volume, which, while normal for summer months, began earlier with the hot weather in May. To meet growing interest in BottleDrop, OBRC launched a new and improved website design, and added online account signups. Now you can sign up for BottleDrop from the convenience of home!

As we prepare for the busy summer season, OBRC has extended summer hours at BottleDrop, is running more routes to pick up green bags, and is adding staffing. We're ready to take your containers!

We also celebrated the first anniversary of our refillable bottle program. One year ago, the first breweries launched with only a few refillable bottles. One year later we have seven producers using nearly half a million bottles in for beer, wine, and cider. Cheers!

FEATURE FUNDRAISER: Camp Millennium

Camp Millennium is a free summer camp for children dealing with a cancer diagnosis. It is a time for them to be themselves and to share in a variety of summer camp activities, such as hiking, fishing, archery, swimming, arts and crafts, horseback riding, and many other surprises. The goal of this week-long adventure is to provide these children with a camping experiencing that can be extended into their everyday lives. We are proud to support their fundraising efforts.

The Most Sustainable Choice in the Beverage Aisle

BottleDrop Refillables welcomed two more producers to the program in Q2: Coopers Hall Winery, the program's first winery, and Bayern Brewery, the first out-of-state producer in the program. We're excited to see the reach of the program both in diversity of product and ability to appeal to different tastes. Amid a difficult national recycling climate, we are excited to be able to continue to add value to our partners and reduce environmental impact.
